DECK DESIGN TOOL

Design Your Deck. To the last screw.

Draw your shape. Pick your wood. See every board, joist, and screw calculated live — then order materials or we install it.

31 boards | 11 joists | 682 screws | R43,046

How The Lab Works

Three steps from idea to installed deck. Our designer does the maths.

01

Draw Your Shape

Rectangle, L-shape, or custom polygon. Snap to grid, drag to resize. Any size deck.

02

Watch It Calculate

Every board laid, every joist spaced, every screw counted. Live. Offcuts recycled automatically.

03

Build or Buy

Get a 7-page build plan PDF. Order materials nationwide. Or we install it in the Western Cape.

Step 5 of 8 · Finish

What finish would you like?

Pine CCA is stainable — choose a colour. Staining protects the wood and extends life by 5–10 years.

Natural Walnut Dark Oak Mahogany Honey Grey Wash None
